DE24007 DTS Zero Trust

State of Arizona – DES

Change Request

Date of ITAC: June 19, 2024

DEPARTMENT OF ECONOMIC SECURITY

Your Partner For A Stronger Arizona

Agency Vision A Thriving Arizona

Agency Mission

To strengthen individuals, families and communities for a better quality of life

Project Team Introduction

Roles Present at ITAC

- Mark Darmer DES Chief Information Officer
- Dan Wilkins DES Chief Information Security Officer
- Clay Sikes DES Deputy Chief Information Officer
- Steven Ayres DES Information Security Engineer
- Debbi Foley DES Senior Operations Program Manager

Project Introduction

Date/high-level overview of the approved original project investment justification (PIJ):

On Sept 20, 2023 ADOA ASET approved the original project investment justification (PIJ) to procure the Zero Trust Access Model solution.

This solution:

- Implementation of this zero trust strategy will provide enhanced security to protect agency resources.
- Network architecture micro-segmentation to support modern security solutions and layered defence model.
- Improves the agency's ability to mitigate malicious activity by adding a layer of protection against zero-day threats and Advanced Persistent Threats (APTs) through in-line and near real time Sandbox analysis.

The original PIJ spanned Oct 2024 - Sept 2024 and had development costs of \$1,256,826.41

Project Change Request Overview

What in the PIJ is changing?:

- ✓ Timeline
 - End Date from September 30, 2024 to September 30, 2025

• Scope

- Descoping ____ and/or Adding ____
- Budget
 - From \$____ to \$____

What initiated this change?:

• The delayed contract signing with c-store to do the assessment on our network. Additional Milestones were not available until after the contract was signed.

Original Project Timeline

| Date | Oct 23 | Dec 23 | Feb 24 | Apr 24 | Jun 24 | Sep 24 |
|--|--------|--------|--------|--------|--------|--------|
| Kickoff meeting | | | | | | |
| Assess current DES architecture | | | | | | |
| Design system architecture based on best practices | | | | | | |
| Configure systems to meet zero trust architecture requirements | | | | | | |
| System health check | | | | | | |
| Lessons learned | | | | | | |
| Payment of Final Invoices | | | | | | |

Q & A Session

Recommended Conditions

ADOA-ASET Conditions

- Should development costs exceed the approved estimates by 10% or more, or should there be significant changes to the proposed technology scope of work or implementation schedule, the Agency must amend the PIJ to reflect the changes and submit it to ADOA-ASET, and ITAC if required, for review and approval prior to further expenditure of funds.
- 2. Monthly reporting on the project status is due to ADOA-ASET no later than the 15th of the month following the start of the project. Failure to comply with timely project status reporting will affect the overall project health.
- 3. Prior to system production environment launch or go live, the Agency must work with the Department of Administration (ADOA) and Department of Homeland Security (AZDOHS) Cyber Command, to assure the System Security Plan document is completed and approved by Cyber Command in order to ensure that the selected solution will provide an appropriate level of protection for State data.

ITAC Voting Options

What ITAC May Consider In Review Whether:

- a. The proposed solution addresses the stated problem or situation;
- The budget unit is competent to carry out the project successfully;
- c. Sufficient sponsorship and support by budget unit leadership exists;
- d. Cost estimates provided are accurate;
- e. The proposed project aligns with the budget unit's Strategic IT Plan; and
- f. The proposed solution complies with statewide IT standards.

ITAC Motions:

- a. Move to Approve
- b. Move to Approve with Conditions As Presented
- c. Move to Approve with Conditions
 - i. Committee May Modify or
 - ii. Add Conditions
- d. Move To Deny or temporarily suspend development activities
