Currently Recorded Dates/Costs				Requested Revisions To Dates/Costs			
Start Date	End Date	Development Cost	Total Cost	Start Date	End Date	Development Cost	Total Cost
05/16/14	09/30/14	$ 647,056	$ 769,649		06/30/15	$ -	$ -

Change Description (AS IS - TO BE)

The Oracle Server replacement has been delayed due to other conflicting projects with higher agency priority. We expect to be able to begin the installation and testing in first quarter 2015.

Business Justification Summary

The Network Services area is responsible for installing and testing the hardware and software for the network infrastructure. The staff are currently working on a prioritized list of high priority projects which are not expected to be completed until the end of this Calendar year. The Oracle server implementation in not on the list but should follow shortly after the priorities have been completed.
