Exhibit 2 Department of Public Safety

DPS Public Service Portal PS19011 - Voting Item

DPS is the State of Arizona's law enforcement agency, the licensing unit provides various licensing and regulatory services. Most of the business customers communicate with DPS via paper, either via mail or in person. The current process is very manual and prone to errors by employees physically entering data into the DPS back-end systems. Automating and digitizing the licensing and regulatory processes at DPS, via the Public Services Portal (PSP) will reduce processing times, increase efficiency, and reduce manual errors which lead to waste, excess and variance in many of the DPS processes.

Presenters: Charles Brown, Engagement Manager, ADOA-ASET
