February ITAC Questions to ADE

1. On slide three of the presentation, UAT section: What is the relationship between Total Test Cases Executed 53 and Total Number of Test cases across all Features 153?

There were 153 test cases created by School Finance for Release #1 and as of March 1st, 53 of the test cases were executed. The total number of test cases will increase as additional features are released into UAT.

2. Will the receipts of all the New American Rescue Plan funding affect this project?

ADE anticipates there is no impact to the project based on the passage of the federal New American Rescue Plan. The School Finance Payment System (APOR/CHAR) and the related payment projects in this PIJ distribute state aid payments to school districts, charter schools and other public education providers and are not used to distribute federal grants. School districts and charter schools report all spending in their submitted budgets and Annual Financial Reports. The Budget and Annual Financial Report systems are included in Phases II and III of this PIJ, but the addition of new funds or revenue will not impact development of these systems. The Auditor General's Office is responsible for annually updating the Uniform System of Financial Reporting (USFR) which establishes a uniform chart of accounts state-wide for school districts. The fund codes used to report revenue and expenditures associated with COVID-19 federal relief grant monies will be included in the chart of accounts and therefore reflected in the budgets and Annual Financial Reports. The annual updates to the USFR will not impact development of the project.

APPENDIX

Project Team & Background

Project Team

- Whitney Marsh - Deputy Chief of Staff
- Lyle Friesen – Associate Superintendent, School Finance
 - Satish Pattisapu – Chief Information Officer
 - Britto Augustine – Chief Technology Officer
 - Cathy Beck – IT Program Manager
 - Nan Nesvig – Senior IT Project Manager

Background

- ADE School Finance is responsible for processing student data and calculating approximately \$6 billion per year in state aid funding to school districts and charter schools in Arizona.
- The current business process is built around an unsupported legacy technology platform that is a collection of web and desktop applications, Excel spreadsheets and manual calculations, which are processing the payment streams.
- The goal of the School Finance Payment System project is to streamline the various payment processes under a unified system that is automated, accurate, auditable, transparent and maintainable.

Project Schedule & Task Status Phase I – Part 2

Risk Log

Risk ID	Opened	Description	Justification	Mitigation Plan	Status	Status Date
R001	3/20/2020	CHAR Design Delay	Approvers not available	Completed when approvers returned from vacation	Closed	3/26/2020
R002	3/20/2020	COVID-19 Delay	Interim delay due to COVID	Once Teams were established, telecommuting due to COVID no longer a threat	Closed	5/28/2020
R003	5/8/2020	ADOA RFP			Moved	6/5/2020
R004	5/15/2020	Req Deadline Extended	APOR requirements added to plan which were not in the PIJ; delayed requirements were not crucial to or delayed beginning dev activities	Completed CHAR Requirements	Closed	7/31/2020
R005	6/11/2020	Multiple Doc Revisions and approval lag time causing delays	Ongoing and repetitive document reviews/revisions by Technical Advisors have delayed timely provision of docs to other reviewers and Doc R&A Committee	Re-establish a new schedule and protocol for review of documents by the Technical Advisors so that timely provision to other parties can be maintained	Closed	10/9/2020
R006	9/25/2020	Non-approval of funding for Phase I-Part 2 APOR Development	Funding for Phase I-Part 2 APOR Development needs to be approved by ITAC before the development can begin, which poses certain threat of delay in development completion activities and subsequent release of both CHAR and APOR components by July 1, 2021	Request for approval to allocate funds for completion of Phase I-Part 2 APOR Development	Closed	12/16/2020
R007	10/30/2020	Rework of APOR development milestones associated with requirements which have not been previously approved by the DRC	In an effort to continue meeting the parameters of the AP timeline, APOR development milestones will begin before all requirements are approved by the DRC. Should the DRC disapprove any of these requirements, ADE IT assumes the risk of rework to comply with DRC changes.	Attempt to develop milestones which have already been approved by DRC; in the event that is not possible, plan ahead for resource and time allocation for any potential rework.	Open	N/A
R008	12/14/2020	Immediate QA Lead Resource Replacement	Because the current QA Lead is unable to continue working on the SFPS project after 12/24/2020, and in order to conduct knowledge transfer, and maintain timely consistent performance and leadership in the QA project team, there is an urgent need to replace the QA Lead position on an immediate basis.	Mitigation Plan #1: Assign a current ADE IT FTE QA with a School Finance background who can transition to the QA Lead position immediately and ahead of the departure date of the original QA Lead. Mitigation Plan #2: Open the position to the public, accept resumes, and conduct interviews for a new QA Lead , a process which could take 6-8 weeks.	Closed	2/2/2021
R009	1/11/2021	School Finance Business Team may not be able to timely conclude and complete all aspects of CHAR UAT before the Milestone expiration date	Due to a significantly compressed and accelerated timeline for CHAR UAT and the Business' workload outside of the project, the School Finance Business Team may not be able to meet the February 12, 2021 deadline to conclude and complete all aspects, including retesting of rework, of CHAR UAT.	1. Conduct weekly meetings to determine how the Business Team is doing in UAT; 2. Monitor the Business Team's availability and workload outside of the project; 3. If the Business Team is unable to complete all testing and return findings to the IT Team by January 29, 2021, escalate the risk to an issue.	Closed	2/16/2021
