Director Brown,

In response to the Project Investment Justification (PIJ) for the “Electronic Procurement Solution” project, a meeting with the Department of Administration was held on 03/08/2017 to consider your project to acquire and implement an e-procurement system.

The PIJ implies funding is available from Base Budget Funds in the first year for development and software licensing costs, additional monies have been requested from the same funding source for second year development and ongoing operations costs, and additional funds will be needed throughout the anticipated 10-year lifecycle of the project.

This notification is the Arizona Strategic Enterprise Technology Office’s recommendation to the Information Technology Authorization Committee (ITAC) for Approval of the technology project.

The PIJ is scheduled to be reviewed by ITAC at the Wednesday March 22nd, 2017 meeting. Should the ITAC approve the project, you may then proceed to secure additional approvals as required from the Joint Legislative Budget Committee, the Office of Strategic Planning and Budgeting, and the State Procurement Office.

You may proceed to secure additional approvals as required from the Joint Legislative Budget Committee, the Office of Strategic Planning and Budgeting, and the State Procurement Office.

As always, let us know if you have any questions.

Thank you,

Strategic Oversight
