Project Update

September 24, 2014

Informational Item

To all ITAC Members,

On September 26, 2012, an Arizona State Retirement System (ASRS) RT13001 Oracle Forms and Reports Modernization project was Conditionally Approved by ITAC. One of the Conditions applied to the PIJ stated that -

2. ASRS shall provide an informational update to ITAC regarding the status of the project on an annual basis, or as otherwise requested.

With the project having officially started on September 16, 2013, please see the attached update provided by ASRS, regarding the current status of the project. If required, a presentation by ASRS can be arranged for an upcoming ITAC meeting.

Please feel free to contact Strategic Oversight if you have any questions.
