Project Update

September 23, 2015

Informational Item

To all ITAC Members,

On September 26, 2012, an Arizona State Retirement System (ASRS) RT13001 Oracle Forms and Reports Modernization project was Conditionally Approved by ITAC. One of the Conditions applied to the PIJ stated that -

2. ASRS shall provide an informational update to ITAC regarding the status of the project on an annual basis, or as otherwise requested.

With the project officially started on September 16, 2013 and currently in progress, please see the attached update provided by ASRS regarding the status of the project. If required, a presentation by ASRS can be arranged for an upcoming ITAC meeting.

Please feel free to contact Strategic Oversight if you have any questions.
