

To enable field level encryption in webforms:

1. Log into your website at /user (add /user to the end of your website URL)
2. View the list of your webforms at: /admin/content/webform
3. For each webform, click on the Components link to view the fields for that webform:

TITLE	LANGUAGE	CREATED	STATUS	VIEW	OPERATIONS
Web Site Feedback	English	09/27/2015 - 19:07	Open	Submissions Table Download	Edit Components Clear Edit

4. For each field on that form that you want to encrypt, click on Edit:

Home » How do I?

Form components Conditionals E-mails Form settings

Show row weights
